QUESTIONS

If you have any questions, please visit our website www.atcis.com.au or email cyber@atcis.com.au and one of our underwriters will get back to you as soon as possible.

LLOYD'S Coverholder

AUSTRALIANS REPORT A CYBER CRIME EVERY 6 MINUTES

Businesses of all trades and sizes are becoming more vulnerable to cyber threats due to the increasing reliance on computers, networks, programs and data. As the level of dependency grows, so too does the cyber risk.

ATC's Cyber policy is designed to protect SME businesses from losses as a result of a variety of cyber attacks, threats and exposures and we have specialists on hand 24/7 to help get your clients back up and running as soon as possible.

KEY PARTNERSHIPS

To be proactive against cyber risk, ATC offer the following:

FREE Phishing and Cyber Fraud Awareness training modules

By fostering a culture of vigilance, awareness training helps prevent human error, the leading cause of cyber breaches, and safeguards from costly cyber events.

FREE Non-Invasive vulnerability scanning with every quote

Identifying weaknesses in your system before cybercriminals can exploit them enables proactive fixes to strengthen cyber defenses.
